AT S SEDAN

A T S S E D A N

SUCCESS ISN'T MEASURED BY
COULD'VE OR SHOULD'VE. IT'S MEASURED
BY BEEN THERE AND DONE THAT.

Its look is distinctive. Its interior feels as if it was
crafted just for you. And it delivers the kind of drive
that makes you even more driven. Precise. Exact.
Exhilarating. This is the ATS Sedan.

EXPLOSIVE ACCELERATION.
LASTING EXHILARATION.

Pressing the accelerator sets off a chain reaction, turning an ordinary ride into an inspiring drive.
The standard 276-HP 2.0L TURBO produces an impressive 400 Nm of torque that you feel every time you press the pedal and powers ATS Sedan from 0 to 100 km/h in just 5.9 seconds¹.

1. 2.0L Turbo RWD.

When you think performance, you may not necessarily think brakes, but Brembo® is a world leader in performance braking. The standard **BREMBO FRONT BRAKES** provide impressive stopping power and consistent pedal feel for added confidence.

The available class-exclusive **MAGNETIC RIDE CONTROL** real-time active suspension reads changing surfaces and conditions up to 1,000 times per second to provide exceptional ride quality and handling control. Choose from three driver-selectable modes – Tour, Sport and Snow/Ice – so you can adjust your suspension to your preference.

THIS IS ONE BOOK
YOU CAN JUDGE BY ITS COVER.

With the ATS Sedan, what you see is what you get. The performance nature of the ATS Sedan is reflected in every line and curve. Its low, powerful form slices through the air, while available 18" forged-aluminum wheels are designed not only to look stunning but also to be lightweight and strong.

Available **XENON HIGH-INTENSITY DISCHARGE HEADLAMPS** feature LED vertical light signatures that give ATS Sedan a look that's pure Cadillac, while **ADAPTIVE FORWARD LIGHTING** swivels those headlamps as the vehicle turns, directing light precisely where you're going. And available **INTELLIBEAM® HEADLAMPS** respond to vehicles in front, turning high beams on and off automatically as needed. **INTEGRATED BRAKE LAMP** feature brilliant LEDs, providing distinctive style and visible function.

Brilliant ideas make life a little brighter, like when you approach your ATS Sedan. One click of the key fob, and the vehicle lights up. Available **ILLUMINATING DOOR HANDLES, PUDDLE LAMPS** and front and rear LED vertical light signatures illuminate to add a welcoming glow on a dark night.

The exceptional capability of ATS Sedan is reflected in every feature, including the **DUAL EXHAUST OUTLETS**, which help increase performance.

THE FEEL

Crafted and cut to form. It's the kind of refined artistry that not only creates a stunning cabin but is both indulgent and functional.

CUT-AND-SEWN INTERIOR

Each interior. Every stitch. Crafted meticulously to create an environment as individual as the driver. Available in six distinct interior themes: Kona Brown with natural finish Sapele wood trim, Jet Black with brushed Aluminum or Oil-Rubbed Bronze appearance trim, Light Platinum with high-gloss Sapele wood trim, Light Neutral with Dark Olive Ash wood trim, or Morello Red with Carbon Fiber trim.

PREMIUM MATERIALS

Exceptional materials blend with impressive artistry to create a sophisticated cabin with your choice of available supple leathers, including semi-aniline leather, combined with premium available woods, aluminum or carbon fiber trim.

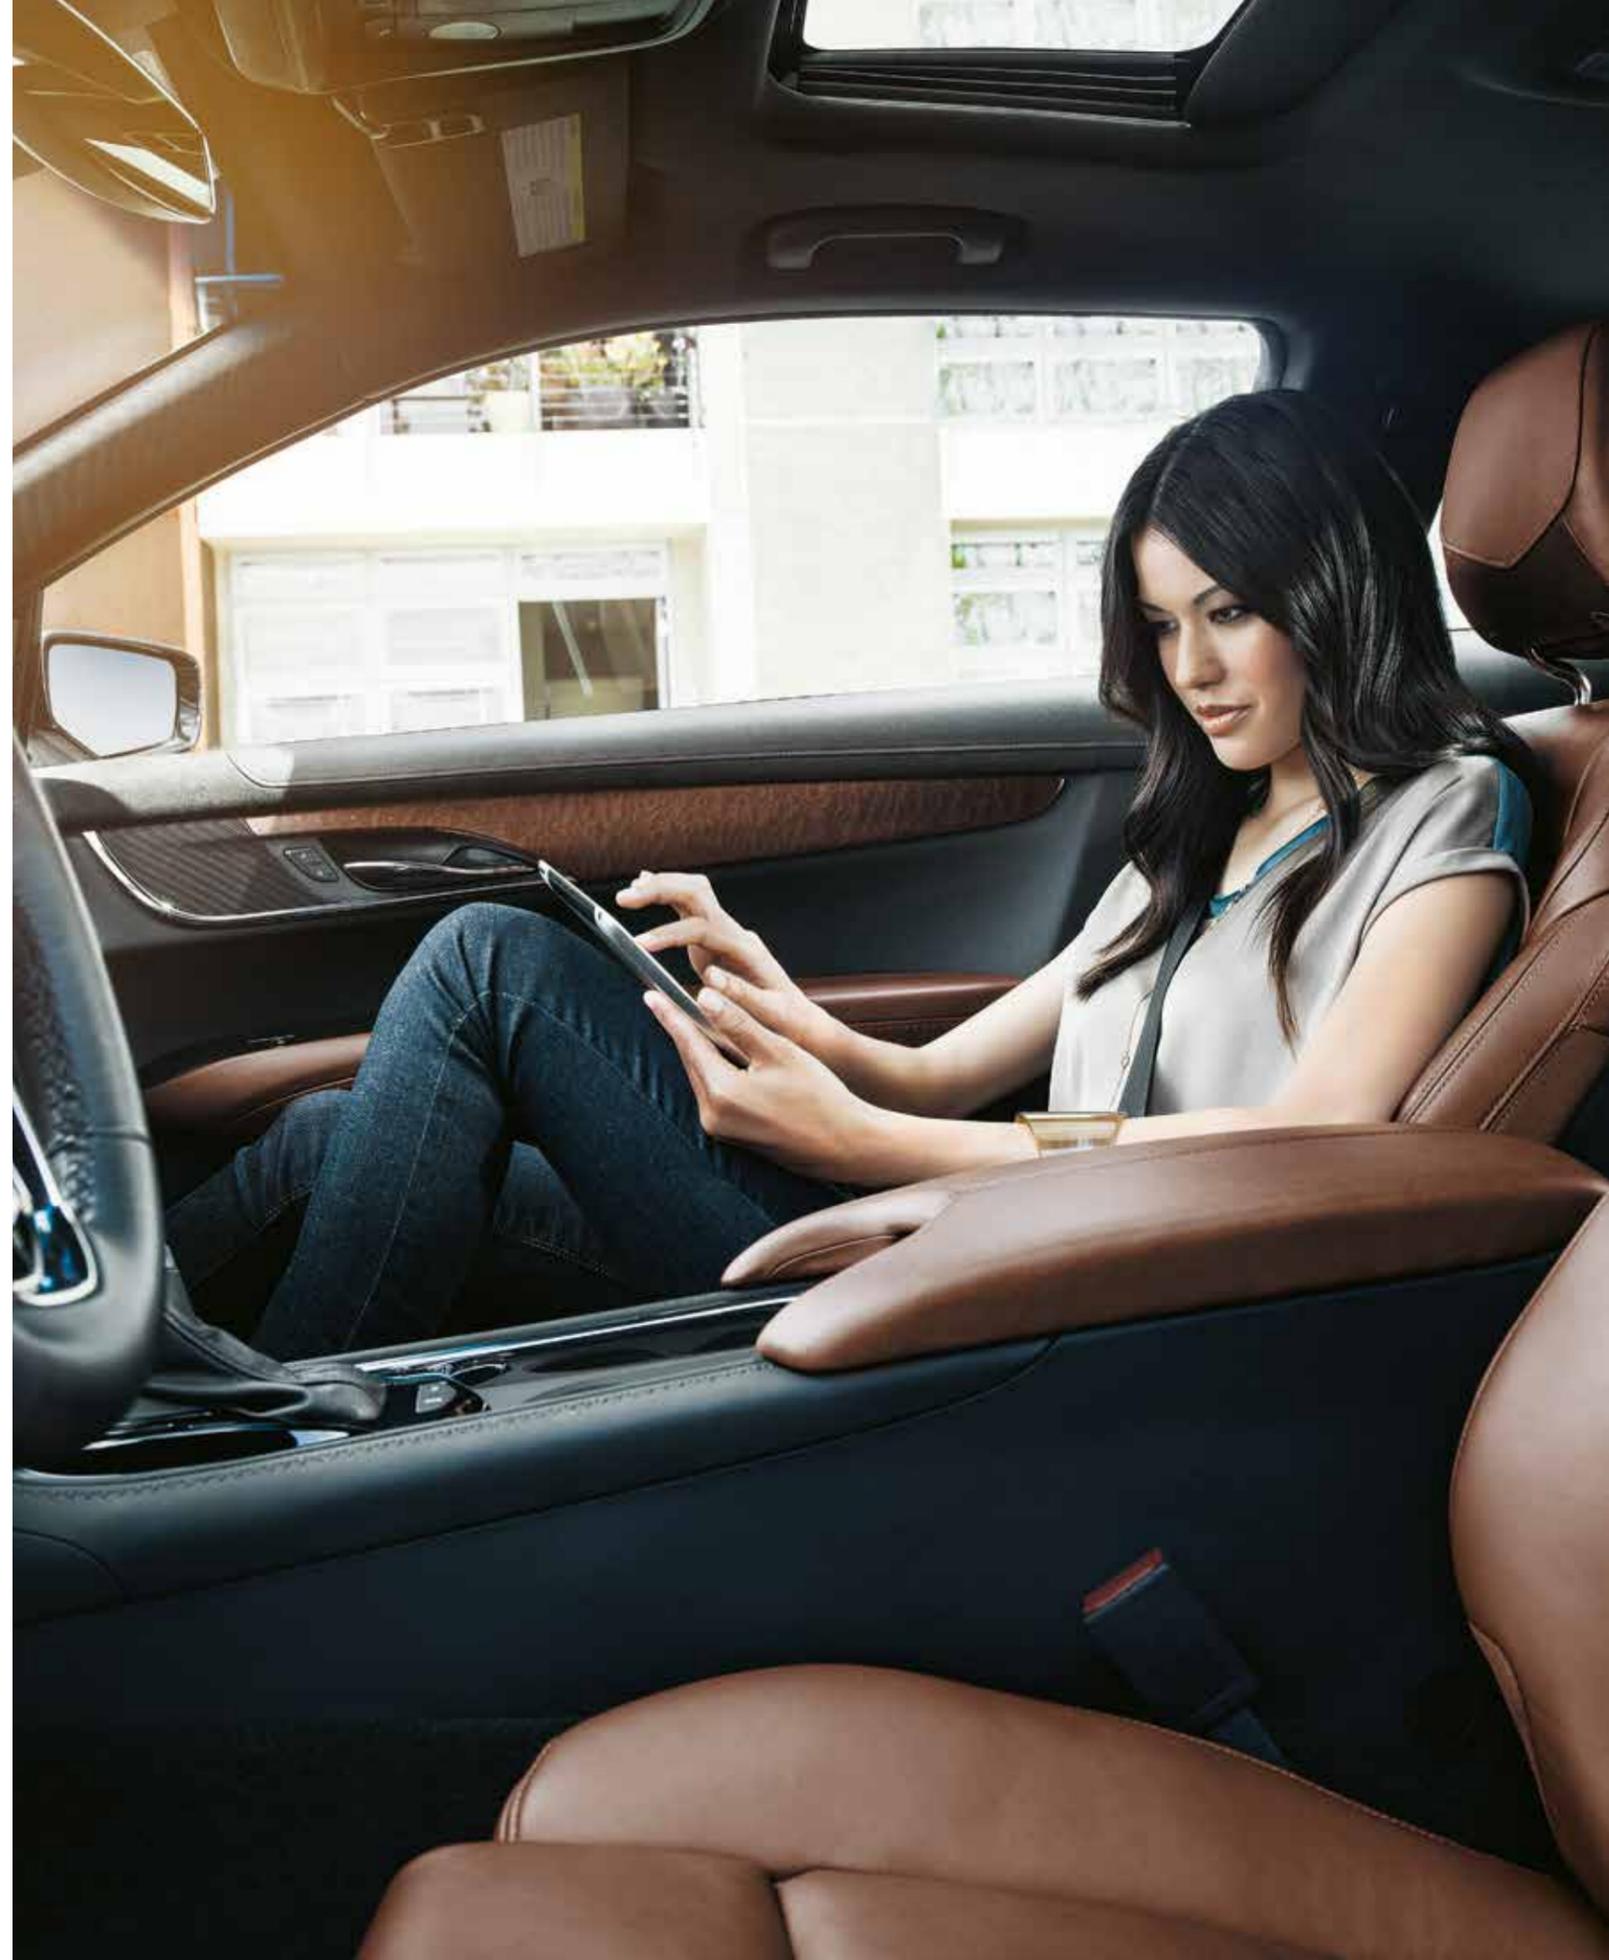

THE GADGETS

The **CADILLAC USER EXPERIENCE (CUE)**¹ is a fully comprehensive system with an intuitive touch screen and innovative controls – such as haptic feedback, Voice Recognition² and proximity sensing technology – that elevates your connection to your vehicle and the world around you. CUE impeccably combines vehicle controls, safety, navigation and communication – all into one system. Standard **BOSE® PREMIUM SURROUND SOUND SYSTEM** delivers crystal clear acoustics. It features Centerpoint® 2.0 and SurroundStage® and a digital amplifier.

ATS Sedan even allows you to inductively charge your smartphone with segment-exclusive **WIRELESS CHARGING**³ housed behind the CUE control panel. The three-window, full-color reconfigurable **DRIVER INFORMATION CENTER** allows you to customize how you see your vehicle's most important information. The ultimate in convenience. The **KEYLESS ACCESS AND PUSH-BUTTON START SYSTEMS** allow you to enter and start your vehicle without your key leaving your pocket or purse. You can lock and unlock your vehicle with a touch of the door handle.

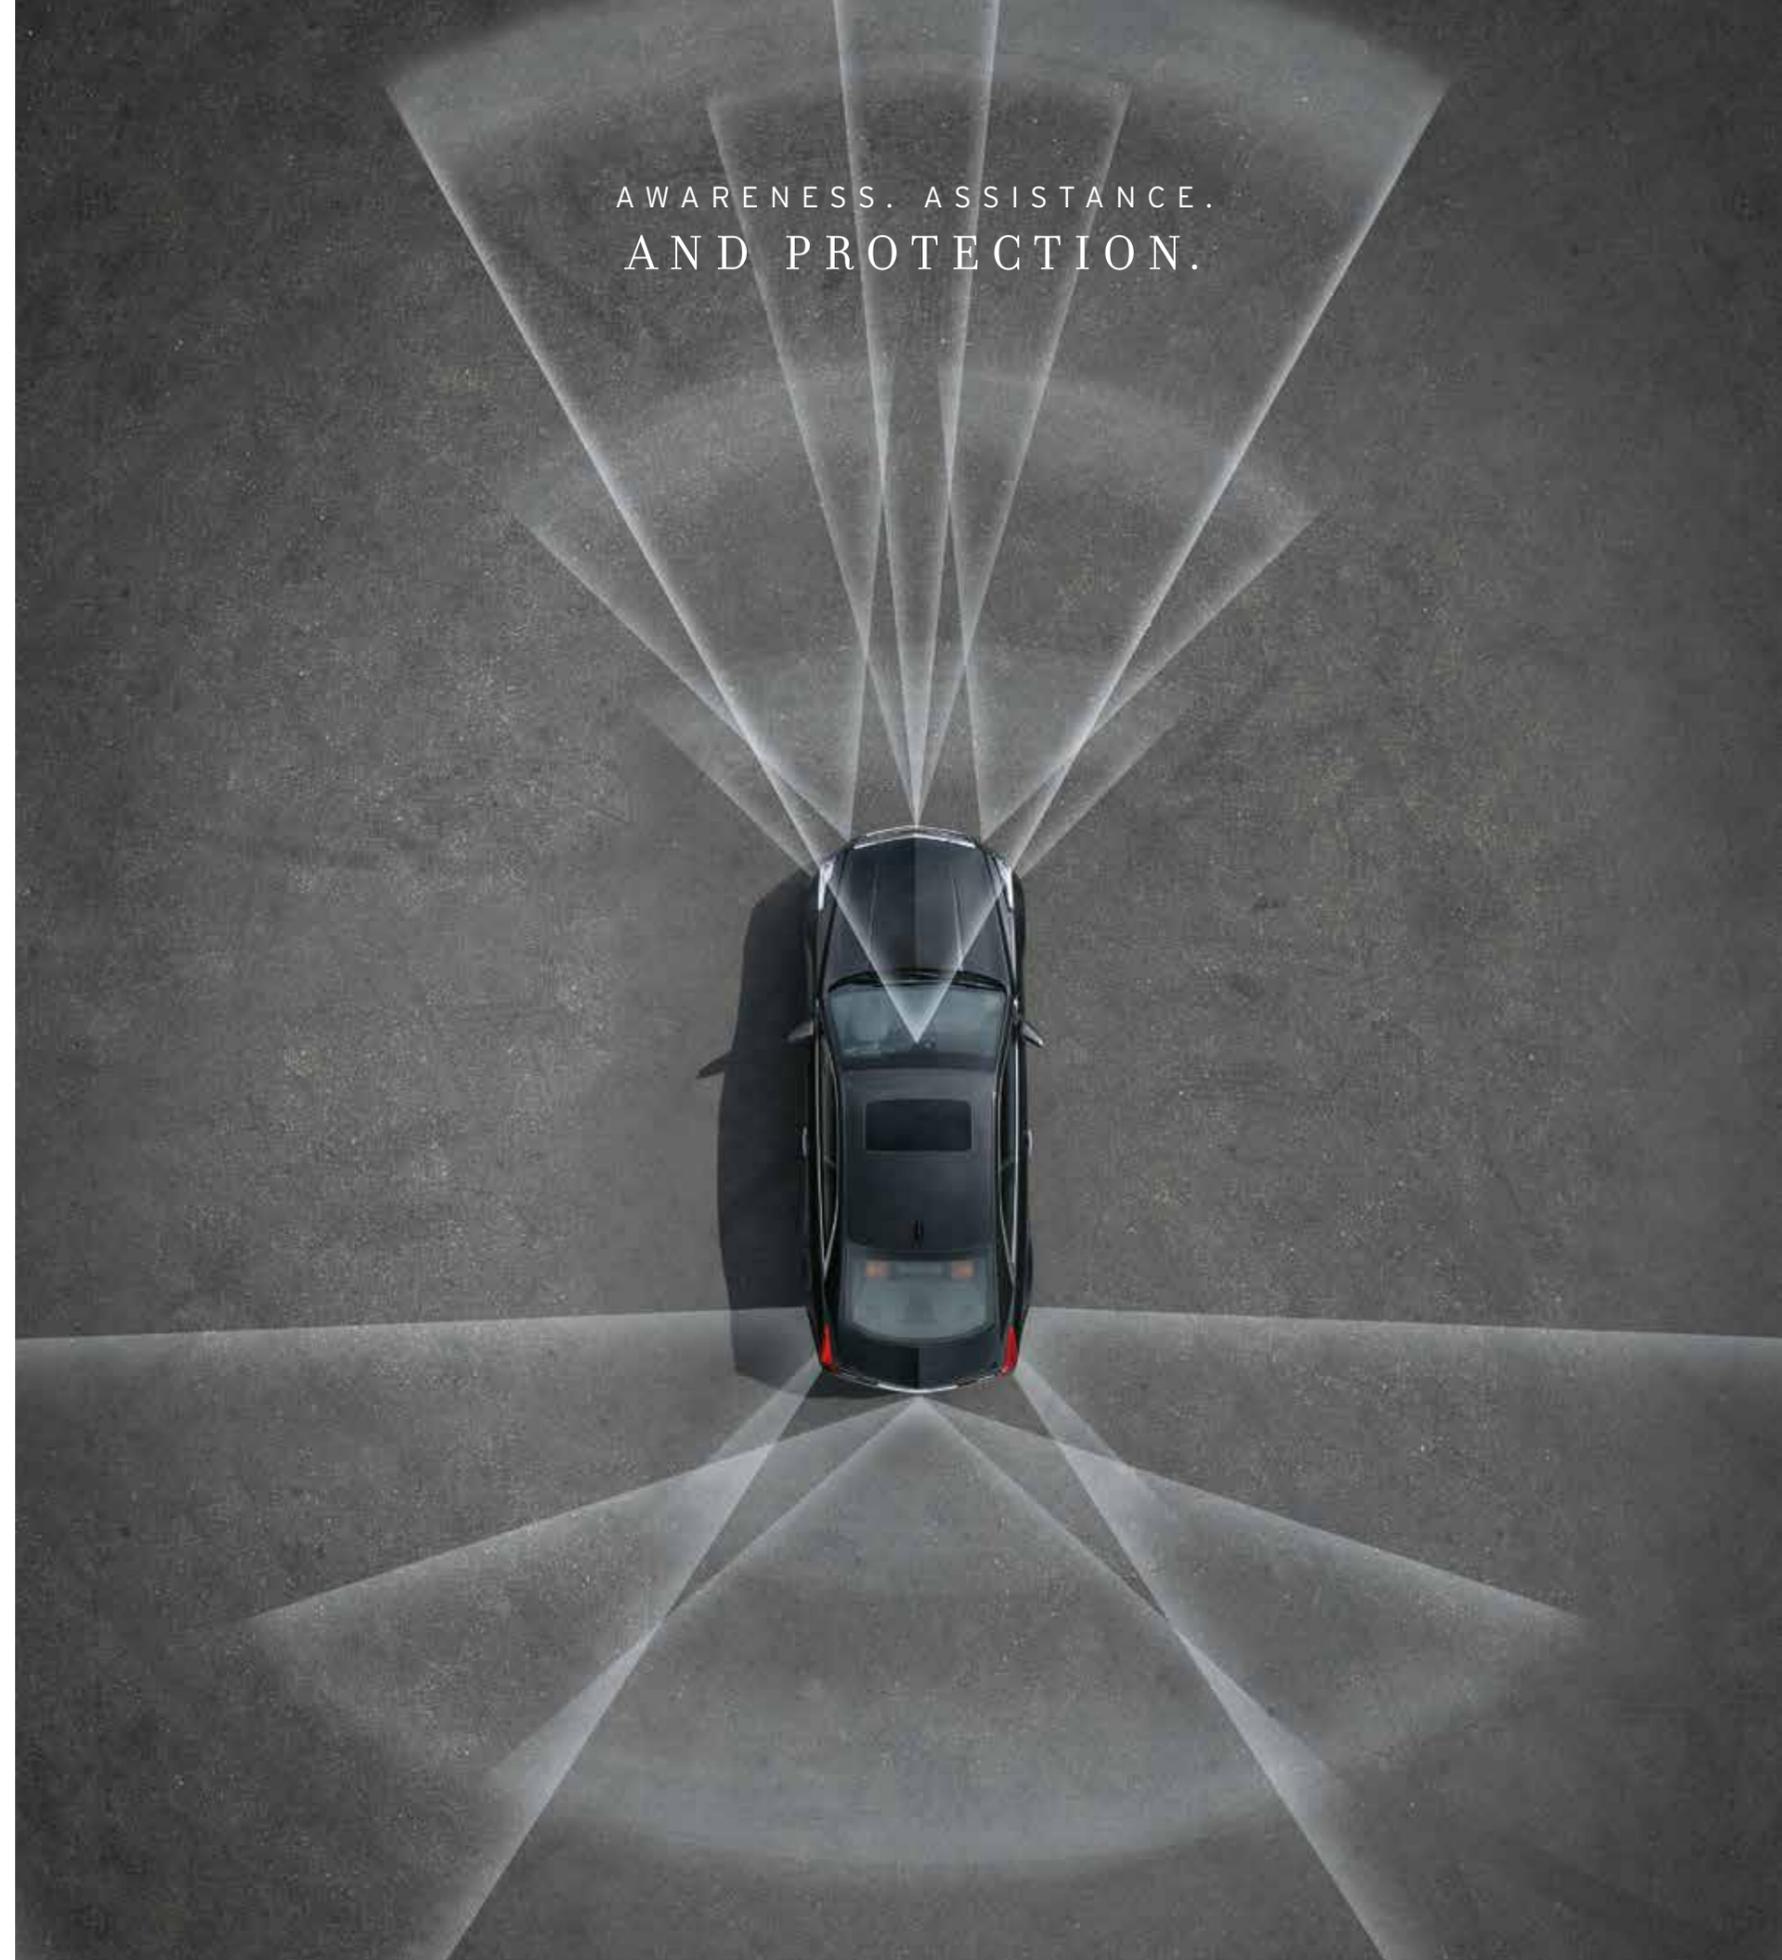

1. Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity. 2. Voice recognition is available in the following languages: English, French, German, Italian, Portuguese, Spanish and Russian. 3. The system wirelessly charges one PMA- or Qi- compatible mobile device. Mobile phone must support wireless charging for functionality.

AWARENESS. ASSISTANCE.
AND PROTECTION.

THE DEFENCE

ATS Sedan takes care of you with comprehensive available technology that includes two cameras, eight ultrasonic sensors and six radars to identify and alert you to a number of potential hazards, helping you avoid them before they happen.

The **DRIVER AWARENESS PACKAGE**¹ features a class-exclusive **SAFETY ALERT SEAT**, which discreetly sends pulses through the seat cushion on the left, right or simultaneously, directionally alerting you to a variety of potential hazards. **FORWARD COLLISION ALERT** uses a forward-facing camera to detect when a forward impact may be imminent. **LANE KEEP ASSIST** subtly engages the electric power steering to help keep your ATS within the lane if an unintended lane change is detected. And **LANE DEPARTURE WARNING** monitors road lines and warns you when the vehicle begins to drift from an observed lane into another without the use of a turn signal. **TRAFFIC SIGN RECOGNITION** displays selected traffic signs on the Driver Information Display, such as speed limits and overtaking restrictions.

Display your vehicle information in full color on the windshield with the available configurable Head-Up Display. Get navigation prompts, vehicle speed, audio information and more.

¹ Standard on Performance and Premium Collection.
Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times.

The available **DRIVER ASSIST PACKAGE**¹ includes several features to help keep you safe. **REAR CROSS-TRAFFIC ALERT** warns you of any detected rear cross-traffic, providing added confidence when backing up. **SIDE BLIND ZONE ALERT** provides a visual alert in your side mirrors if vehicles are in your blind spots. **LANE CHANGE ALERT** senses beyond the side blind zones, alerting you to rapidly approaching vehicles. **ADAPTIVE CRUISE CONTROL** uses forward-facing radar and camera technology to automatically adjust speed, helping maintain the driver-selected distance from the vehicle in front of you. In potential collision situations, **INTELLIGENT BRAKE ASSIST** systems can detect vehicles in front or objects in the rear and, in certain situations, pre-fills the brakes to help reduce braking time. **AUTOMATIC SAFETY BELT TIGHTENING** removes excess slack in the front belts to keep you securely in your seat during initial acceleration and spirited maneuvers.

¹ Traffic sign recognition is not available when Driver Assist Package is ordered. Car shown ATS Coupe.

ELEGANCE COLLECTION

CUE WITH BOSE® SURROUND SOUND SYSTEM

A concert-like experience is always at hand with a 9-speaker Bose® Surround Sound system and the brilliance of Cadillac CUE.

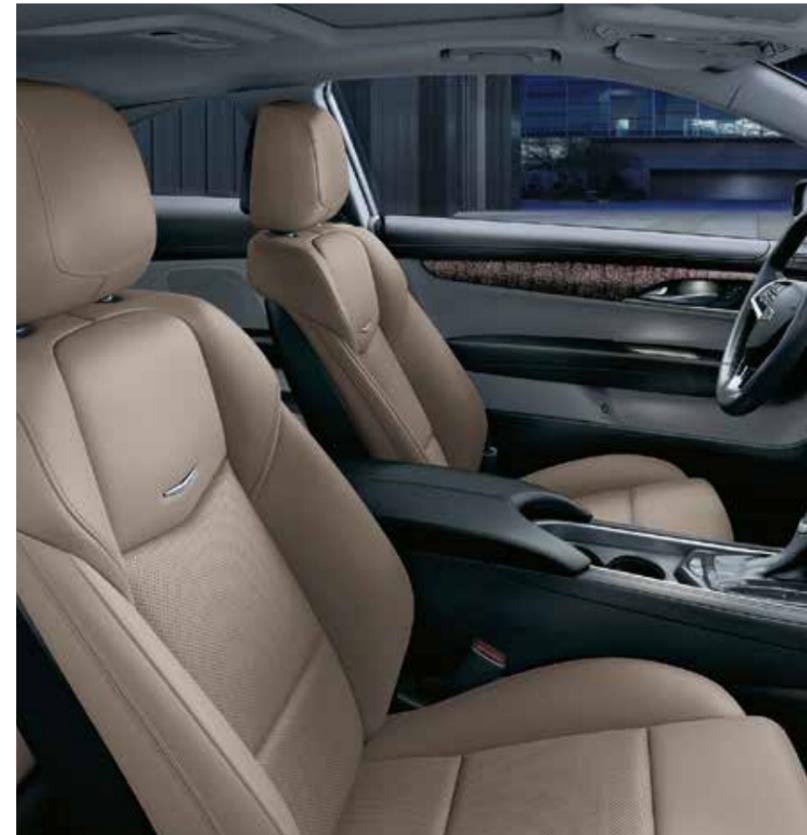

17" ALUMINIUM WHEELS
with premium painted finish

PUSH BUTTON START

The ATS Sedan Elegance Collection is the perfect embodiment of enjoyable sophistication, delivering a drive of ultimate satisfaction from engine on to engine off. The exhilarating 9-speaker Bose® surround sound system transports you to new levels of audio pleasure, while the cutting-edge, voice-activated CUE provides an advanced customisable entertainment and communications interface, all showcased through the striking 8" full-colour touch screen. The keyless access including push button ignition, and 2-zone climate control complete the Collection, all combining to give the driver a feeling of remarkable comfort and craftsmanship.

LUXURY COLLECTION

Cadillac®

	CO ₂ EMISSIONS (g/km) COMBINED	FUEL CONSUMPTION (l/100 km)			FUEL-EFFICIENCY CATEGORY									
		URBAN	EXTRA-URBAN	COMBINED	BE	CH	DE	DK	ES	FR	LU	NL	UK	
ATS Sedan 2.0L Turbo RWD (RWD Premium)	178 (182)	11.0 (11.3)	6.0 (6.1)	7.8 (8.0)	D	G	D	E	C	E	D	E	I	
ATS Sedan 2.0L Turbo AWD	195	12.0	6.3	8.4	E	G	E	E	C	E	E	F	J	

Fuel consumption data and CO₂ emission data are determined according to Regulation (EC) No. 715/2007, taking into consideration the vehicle mass in running order, as specified by the regulation. Additional equipment may lead to slightly higher results than the stated fuel consumption and CO₂ figures. The figures for fuel consumption and CO₂ emissions do not relate to a specific vehicle and are not part of an offer. They are provided only for the purpose of comparison between different vehicle types. Average CO₂ emission of all new cars sold in Switzerland: 148g/km.

Kerb weight (kg): The specified value accounts for a 90 per cent filled fuel tank as well as 68 kg for the driver and 7 kg for luggage. The kerb weight applies to vehicles with standard equipment. Optional equipment may increase this value. Rated power output: For petrol engines, Cadillac recommends using Super unleaded RON 95. Fuel qualities unleaded with RON 95 and above as well as a maximum ethanol volume of 10 per cent (E10) are permissible. Information on power and consumption relates to operation with RON 98 fuel.

PLEASE NOTE: The vehicles shown in this brochure are for illustration purposes only. European specifications may vary. Some illustrations feature special equipment that is not included in standard delivery. The information contained in this brochure was accurate at the time of going to press. We reserve the right to make changes in design and equipment. The colours printed in the brochure only approximate actual colours. Illustrated optional equipment is available at extra charge. Availability, technical features and equipment provided on our vehicles can vary from one market to another and may change without prior notice. Information on recycling design and End of Life Vehicles (ELV) can be found on cadillaceurope.com. For precise information on the equipment provided on our vehicles, please contact your local Cadillac sales and service specialist.
